Glossary:	
Term	Definition
Candidacy Program:	The Candidacy Program is a program funded by Title IV-E and is for non-custodial children and youth who are at serious and imminent risk of removal from their home and the State is either attempting to prevent removal from their home by arranging services or is petitioning the courts to seek removal from their home.
Random Moment Sampling (RMS):	<p>The Random Moment Sampling (RMS) service allows State departments, school district outreach programs and other eligible public agencies to accurately document staff activities relating to reimbursable Federal programs.</p> <p>Details of staff activity are requested at random times during the sample period which is typically a fiscal quarter. Having collected a specific number of responses organizations can determine with 95% or greater accuracy the percent of the total time the sampled group is spending on each activity.</p> <p>Applying these percentages derived from the sample to the total populations salaries and wages provides the period allocation of costs to the departments various programs. The program activities will determine the appropriate funding source from which to claim reimbursement.</p>
